

Want to Learn about Trailblazing Leadership?

- Does leading with certain people feel like a “tug of war”?
- Interested in making your leadership standout?
- Want to learn techniques to lead others much easier?

Becoming a leader is not just a title but a mindset. This mindset includes not only your thought but your actions and behaviors as well. A leader needs to stand out from a crowd; not blend in. Trailblazing Leadership is all about that. Being a “trailblazer” means that you stand out from the crowd; that you set a trail for others to follow. Trailblazing Leadership is about being a pioneer; to set standards for others to follow. However, to be this type of leader, one must model certain behaviors and mindset. After all, you want others to follow your lead and your actions must be aligned to your vernacular. This program will cover the “ACE” model and how it is the foundation to Trailblazing Leadership.

Presented by one of the most energetic and the co-winner of the 2013 ICF-NE Executive Coach of the Year, Ted Gorski of Get Your Edge will cover the principles of Trailblazing Leadership. You will discover how to align your messages effectively, becoming a critical thinker and how to leverage your language in a positive manner. This program will unlock your leadership potential.
